DOCKETED BY 

I do not wish to have a smart meter installed at my place of residence for the following reason(s):

1. Health Risks
2. Invasion of Privacy
3. Cyber-Security Risks
4. Risks of Damage to Electronics Equipment and/or Appliances
5. Smart Meters not UL listed
6. Risk of fire

Those who have received a smart meter have not seen any reduction of charges and, currently, there is no opt-out offered. Should an opt-out involving fees for such be implemented, it would cause undue financial hardship for many.

I ask that you bring to the table a serious discussion allowing for an opt-out for any reason at NO ADDITIONAL COST to the consumers/citizens of Eagar/State. Thank you,.

Sincerely,

Allan & olga Kruger
